

omlox Plugfest and Conference 2026

June 09 – 11, 2026

Dear omlox members, partners, and interested companies,

On behalf of PROFIBUS & PROFINET International (PI) please save the date for the omlox Plugfest and Conference 2026, hosted by Fraunhofer IOSB-INA at SmartFactoryOWL in Lemgo, Germany, from June 9 – 11, 2026.

The plugfest will focus on practically testing the interoperability of omlox assets from different manufacturers and presenting the results to a broader audience.

Format

June 9 – 10, 2026 – Plugfest for omlox members

Interoperability testing of omlox hardware and software components (plug-and-play, positioning and timing aspects, hub connectivity, mixed-environment scenarios), plus informal technical exchange and networking.

June 11, 2026 – Plugfest summary and omlox conference day (open event)

Presentation of anonymized plugfest results, live demos of omlox systems, introductory and advanced talks on omlox and interoperability, targeted also for users and operators. Tour of the SmartFactoryOWL labs including the **omlox safety demonstrator**.

All results and experiences from the Plugfest will be communicated in a **vendor-neutral way**. Individual products or companies will not be portrayed negatively; the focus is on **joint learning and demonstrating interoperability**.

Register now for free:

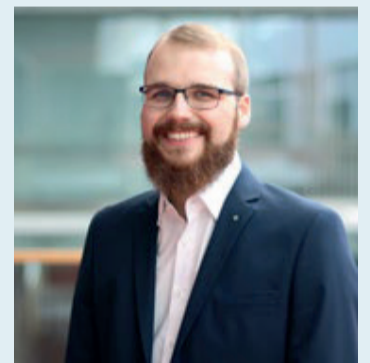

omlox is an open standard for real-time localization that enables the interoperability of different localization technologies. Manufacturer-independent indoor localization allows processes in factories, logistics centers, and other industrial environments to be made more efficient and flexible.

Contact

M.Sc. Florian Hufen

Dep. head of omlox testlab
Phone: +49 5261 942 90 - 69
E-Mail: florian.hufen@iosb-ina.fraunhofer.de

Dr.-Ing. Holger Flatt

Team leader intelligent sensor systems
Phone: +49 5261 942 90 - 31
E-Mail: holger.flatt@iosb-ina.fraunhofer.de

When? June 9–11, 2026
Where? Innovation Campus Lemgo,
SmartFactoryOWL,
Campusallee 3,
32657 Lemgo, Germany
